

How to Apply Vinyl Graphics

Use a dry cloth to clean the surface. If surface is dirty spray with alcohol then wipe down with clean cloth.

Tape the vinyl graphic in place and measure from multiple vantage points to ensure that it is positioned symmetrically. A level lined up at the bottom of the words may also be used.

Middle Hinge

Once you are satisfied with the position, apply another piece of tape down the middle of the graphic.

With the tape functioning as a hinge, flip the vinyl graphic and carefully remove the backing paper from the transfer tape.

With the graphic in place, apply pressure with a credit card. Working from the center to the edge, evenly force the air from beneath the image.

Remove the tape from the middle of the graphic. Pull back the other side of the graphic and apply pressure with a credit card.

Remove the tape from the top of the graphic. Now carefully peel away the transfer tape.

Top Hinge

Once you are satisfied with the position, apply another piece of tape across the top of the vinyl graphic.

With the tape functioning as a hinge, flip the vinyl graphic around and carefully remove the backing paper from the transfer tape.

With the graphic in place, apply pressure with a credit card. Working from the center to the edge, evenly force the air from beneath the image.

Remove the tape from the top of the graphic. Now carefully peel away the transfer tape.
